

Required Federal Disclosures

July 1, 2010 – June 30, 2011 Award Year

This document is intended to provide information about American Career College's programs, pursuant to the Code of Federal Regulations. American Career College is institutionally accredited by the Accrediting Bureau of Health Education Schools (ABHES) and approved to operate in California by the Bureau for Private Postsecondary Education (BPPE). For those programs that also carry Programmatic Accreditation or Approval, the appropriate agency is listed with that program's information below.

DEFINITIONS

- *On-time Completion Rate* (as defined in 34 CFR 668.6 (c)). This number is based on the students who graduated during the award year, and did so within normal time. Normal time is based on the published length of the program in the catalog. This rate is not reflective of the overall completion rate of the program. On-time completion rates can be affected by scheduling changes, failed courses or extended externship hours.
- *Tuition and Fees* includes the tuition and fees currently charged for the program and includes books and equipment. This is the current estimated cost to complete the program.
- *Placement Rate* is based on the calculation required by ACC's accrediting body, ABHES. ABHES defines placement rates as the number of graduates who complete within 150% of the program length during the reporting period who were available for employment and found a job in their field of training, divided by the total number of graduates available for employment. ABHES requires the placement rate be calculated on a program and campus basis.
- *Median Loan Debt* is the median debt incurred through Title IV HEA loans and other private financing sources by students who complete the program.

MEDICAL ASSISTANT - DIPLOMA PROGRAM

Programmatically accredited by the Accrediting Bureau of Health Education Schools at all three campuses.

O*Net Occupation Titles	Soc Code	Links to Occupational Profiles on O*Net
